## Q13 Any other comments or suggestions

Answered: 9 Skipped: 3

#	RESPONSES	DATE
1	I had made the suggestion to have vendors have an opportunity to present technology transfers to the attendees, but then only a few were selected to do that, and I was not one of them, so I was disappointed that the I was not able to be part of trying out the idea I had suggested to many of the Association presidents at many of the AGM's across the country over the last few years.	4/5/2020 10:37 PM
2	Two full days is a good strategy for exhibitors. Formal vendor sessions are good both ways.	4/3/2020 9:49 AM
3	It was well run again!	4/2/2020 12:28 PM
4	The only negative was the lack of good places to have lunch or dinner and that was shared by many surveyors also	4/2/2020 11:09 AM
5	no	4/1/2020 10:50 AM
6	I believe that the process of the AGM exhibits has been completed many time and is easy to participate in.	3/30/2020 12:47 PM
7	Good experience. Closing Thursday was good. The weather has been an issues 2 years in row. The timing of the event could change to another month? Driving home from Huntsville in white outs was dangerous, so I had to stop off in Barrie for safety reasons.	3/30/2020 12:45 PM
8	Not sure we'll attend again. Conference is more of a gathering of friends than a business conference. Virtually zero buyers.	3/30/2020 12:30 PM
9	I thought the AGM went very well. I heard feedback from various AOLS members on the quality of the programming. The location was excellent. Having a location where there are few external options for the attendees to go is much better for the exhibitors.	3/30/2020 11:37 AM
