Academic and Experience Requirements Committee Policy

Name:	Statutes Exam		
Category:	Examinations		
Status:	Approved	Version #: 1	
Date Approved:	October 21, 2025	AERC Motion	25-87
Date Revised:		AERC Motion	

Background

AERC has a policy related to when a candidate is eligible to write the Statues Exam. Currently only those candidates under Articles are eligible to write the Statutes Exam.

Considering the ongoing requirements of the Office of the Fairness Commissioner related to removing unnecessary barriers and to allow for as much parallel processing as possible, AERC has provided a new policy below which will replace the previous policy while maintaining necessary requirements.

Policy

- Once a candidate has obtained an educational assessment, they will be eligible to write the statutes exam at any time. It is recommended that they complete Survey Law 1 and Survey Law 2 (as applicable to the licence or registration applied for) prior to attempting the Statutes Exam; however, it is not required.
- For further clarity, candidates will not be required to complete a 6 month waiting period prior to attempting the exam.
