1	Having one on Wednesday provided an opportunity for urgent matters to be 'out there' early in the meeting. Opening on Wednesday morning under formal rules got the meeting on a solid basis immediately. Then the meeting rules were relaxed and resumed under 'formal rules' on Friday morning...good change. The second open forum allowed a clearing of issues opened on Wednesday morning.	3/11/2015 12:07 PM
2	there was a motion to raise money as a defence budget towards an upcoming court challenge, which sounded like it involved a constitutional challenge regarding exchange of records. Many members in the room seemed to know what was going on with this. The motion was fine, however, I could not vote on it, as I feel that the issue at hand has not been fully explained to the membership. I have only heard a few rumours. If this is as serious as it appeared at the AGM, then, it needs to be explained directly to members at upcoming Regional Group meetings.	3/11/2015 11:04 AM

6	Update on the province wide SRI - where does it stand and what are the next steps.	3/10/2015 2:58 PM
7	Tons what of dealing with the real actual issues being caused by declining membership? mergers and acquisitions? what about a technology seminar for new and emerging technologies? what about fun and function on on the internet? - programs and support available for surveyors? Many many of these sort of topics could be included	3/10/2015 1:56 PM
8	More information should be forth coming on the Constitutional Challenge and the AOLS should not be afraid to budget for future costs. I feel that when the final number comes in and a vote is put to the membership on how to pay for the "not budgeted" costs that members may refuse to vote in favour of a "one-time" cost per member. If we know that it could be \$XX dollars and it comes in under everyone will be happy. If it comes in over then everyone should be OK with the adjustment provided it is not too drastic a change from the "budget". With no budget members will be shocked by the final amount regardless of whether we successfully defend our response or not. Council refused to deal with the issue. All businesses when experiencing unknown costs try to best guess in order to make the financial expectations known to shareholders, along with the risks of higher or lower costs associated with the unkown task or challenge. Council was not being responsible to the membership who ultimately will be paying the costs via fee increases or one-time extraordinary expense that needs to be approved by voting. As a shareholder of a company if the "board" came to me and said we lost a legal battle that we did not budget for and all shareholders now have to pay to cover the expense of the legal battle I would be seriously questioning whether the board was suitable to run a business. It is only a budget item. Don't fret it, budget it, and your shareholders will have a better sense of competency in the board.	3/10/2015 1:37 PM

1	Take Huntsville out of the rotation.	3/17/2015 8:41 AM
2	Highly preferred that accommodations are in one building and that there is enough parking	3/13/2015 11:14 PM
3	Meals must be included in AGM price.	3/13/2015 2:58 PM
4	dont have them in downtown toronto	3/13/2015 11:32 AM
5	Make sure that the hotel has enough space for attendees	3/12/2015 7:32 AM
6	A Past pres. panel, as to future of AOLS	3/11/2015 5:07 PM
7	In my opinion the meals are too expensive in general and as such I do not attend any	3/11/2015 4:54 PM
8	Keep to 9:00 Wednesday to 12:00 Friday.	3/11/2015 12:12 PM
9	If the business materials are available prior to the meeting they should be sent out prior to the meeting as opposed to handouts at the meeting.	3/11/2015 11:24 AM
10	Book Hotel that can accommodate ALL registrants in ONE main building .	3/11/2015 9:11 AM
11	New Material.	3/10/2015 6:48 PM
12	Speakers from adjacent associations that may have faced declining membership	3/10/2015 6:15 PM
13	More business issues to address like the lack of trained support staff and acedemic training.Where are the field staff of the future going to come from?	3/10/2015 5:14 PM
14	Demographics solutions. Get heads out of provincial sands and look at national picture. Can related disciplines be managed and regulated nationally? Reduce meal & booze costs.	3/10/2015 4:32 PM
15	BRING back the Scavenger Hunt	3/10/2015 3:43 PM
16	Wednesday's Booths open from 8am to 11pm is ridiculous. Start at noon perhaps...	3/10/2015 3:14 PM
17	Maybe a Q and A related to business.	3/10/2015 3:01 PM
18	More formal training sessions - or more formal trainers...	3/10/2015 2:27 PM
19	I wouldn't change a whole lot. I liked the Convocation Lunch and President's dinner on Wednesday. Despite the fact that we had 2 big beef dinners, it worked.	3/10/2015 2:05 PM
20	No more presentation about Professional Surveyors Canada.	3/10/2015 2:05 PM
21	I would like to see an Education day/Seminar day, then 2 days of business sessions.	3/10/2015 2:04 PM
22	Start all morning meetings at 9:00am. Starting at 9 on Thursday and then 8 on Friday was poor planning! Deerhurst is not a good choice for the location of the AGM. It may have adequate conference room capability but it does not have adequate accommodations to handle it. It is VERY inconvenient to have to travel just to reach your room!	3/10/2015 1:51 PM
23	More relevant content to include the expanded profession	3/10/2015 1:49 PM
24	Ensure the concurrent sessions are in the correct meeting rooms.	3/10/2015 1:48 PM
25	Change the format to run over 1 business day and over 2 weekends. This would reduce the cost of lost production to firms and vacation time used by employee OLSs that are not being paid by their employer for their time away from work. If I don't work I don't get paid. My employer will allow for 1 day of pay to attend but not 3 days. If it ran over the weekend I would be able to work for income and attend with the only cost being the use of my personal time to enhance my professional skill.	3/10/2015 1:47 PM
26	Less vendor presentations.	3/10/2015 1:46 PM

AGM 2015 Survey for Attendees

27	more in-depth coverage of topics. 45 minutes barely scratches the surface for some of the topics presented.	3/10/2015 1:39 PM
28	Make sure the hotel has enough rooms for all of the attendees	3/10/2015 1:39 PM
29	Have enough rooms available at the Convention site to host all participants so all can stay on site and enjoy the social events.	3/10/2015 1:37 PM
30	live band coupled with a real DJ (give the live band breaks) the meet and greet should be more structured, perhaps forcing the attendees in an ice breaker type of event	3/10/2015 1:35 PM
31	I'd suggest we plan a tropical destination for the AGM every 3 to 5 years. I'm willing to bet turnout would still be very good and for those unwilling to travel it's limited frequency would not affect their ability to get the required Professional Development credits within a 3 year cycle.	3/10/2015 1:34 PM
32	vendor presentations were poorly scheduled. They paralleled the convocation lunch and other presentations. Vendors should present at times when members aren't busy attending other things.	3/10/2015 1:30 PM
33	Try another location - Deerhurst expensive and over rated.	3/10/2015 1:27 PM

3	Likely would not attend.	3/13/2015 2:58 PM

2	Getting it Right.	3/13/2015 9:22 PM
3	Everything Geospatial!!! Multi disciplinary / expanded profession.	3/13/2015 2:58 PM
4	What to do when you retire.	3/12/2015 7:32 AM
5	Succession planning. Using technology - facebook, twitter, etc., to promote your business.	3/11/2015 12:25 PM
6	perhaps something on tricky legal survey situations more SRD examples something technical - perhaps production of surface and other 3-D models	3/11/2015 11:10 AM
7	How to identify problems then how to make a plan and solve problems.	3/10/2015 8:00 PM
8	Maybe running through a large scale survey using GPS.	3/10/2015 6:48 PM
9	New technologies. Any new developments on the legal side of our profession	3/10/2015 6:24 PM
10	Improving efficiency.	3/10/2015 3:01 PM
11	ACTUAL SRD commentary - fact and foibles - will need to hear about "projects"	3/10/2015 2:04 PM
12	Ontario One Call should be invited to attend and hold a learning session again. Service Ontario (Registry Office) and Teranet as well.	3/10/2015 1:51 PM
13	lidar, cloud computing, 3d laser scanning, geospatial information	3/10/2015 1:49 PM
14	More seminars related to Case Law for surveying. Could be contract law, boundary law, employee labour law	3/10/2015 1:47 PM
15	Summary of the past year of current law decisions affecting surveyors. How to run a PROFITABLE survey practice as opposed to treating it as a hobby.	3/10/2015 1:47 PM
16	I think a seminar on best practices regarding the organization, implementation and oversight of the various technologies available to us would be interesting and beneficial.	3/10/2015 1:46 PM
17	A demonstration of a survey traverse correction using least squares software would be useful	3/10/2015 1:39 PM
18	sketches	3/10/2015 1:35 PM
19	I believe the CEC was asked to provide more content directly related to the business of surveying. Perhaps seminars could include business management, project management, succession planning, follow up on the salary survey with a seminar on charge out multipliers	3/10/2015 1:35 PM
20	The topics this year were good, but many of the seminars were at a very low level. The OLS website seminar was tailored to folks unfamiliar with the internet and the GPS survey seminar was extremely basic and targeted surveyors who had never used the technology before. I would prefer a master's level overview of new technology, rather than a college level basic instruction how-to session.	3/10/2015 1:34 PM
21	How to use a GPS went over how GPS works. It DID NOT go over how to use it and key points of decreasing errors. I think most people were looking forward to improving their GPS skills not listen to a lecture of the basics!	3/10/2015 1:30 PM
22	Boundary case law examples/seminar	3/10/2015 1:28 PM

1	While the food was excellent, 3 of the meals were all beef of one type or another. 3 different meals would be good. Thanks to Lena and the AOLS staff. Without them, the AGM would be a disaster. The organization this year paid off.	3/19/2015 1:18 PM
2	Very good job by the organizing committee. A sometimes thankless but essential to a good meeting.	3/16/2015 11:18 AM
3	The hard work the AGM committee put in was greatly appreciated	3/16/2015 8:07 AM
4	Law seminar + Gis seminar + photogrammetry seminar + geodesy seminar = expanded profession - get everyone in the know.	3/13/2015 2:58 PM
5	Deerhurst does not handle our group very well, particularly when it is soooooo cold	3/12/2015 7:32 AM
6	new vendors, we would be interested in hearing?	3/11/2015 5:07 PM
7	Again - best meeting in last several years! Great job Mel and Dasha and all the staff at the AOLS Office.	3/11/2015 12:25 PM
8	I question the idea of having the AGM at Deerhurst as attendee accomodations are spread out, higher costs for accomodations, meals and travel than other venues.	3/11/2015 10:15 AM
9	Blain I was working in the hospitality bar and support. The Veterans Dinner was very pleasant. Well organized meeting and social events from my view. Tom	3/11/2015 9:42 AM

16	Good Job - Thanks!	3/10/2015 1:51 PM
17	Appreciate the hard work put in by the AGM Planning and Operating Committee. Great job!!	3/10/2015 1:48 PM
18	The cost of the Exhibitor Lunch was staggering for the type of finger food available. Not worth the value. I could have had a full meal for that price with a drink. If it is anything like that price in the future I will definitely skip the event.	3/10/2015 1:47 PM
19	Some rooms at Deerhurst are too far away from the action	3/10/2015 1:44 PM
