

vives him and three children, one daughter Mary Ewing, and two sons, Richard Gibson and John Edward. He leaves also a sister, Angelina, of Windsor, and four brothers, Richard Stanley Code of Mimico; Thomas George Code, Cobalt; Robert Wilmot Code, Windsor; and Charles Edward Code, North Bay.

The funeral of the late Mr. Code took place under Masonic auspices, on Monday afternoon, Nov. 26th, 1934, from St. John's Anglican Church, Alvinston, the services being in charge of the rector, Rev. H. J. Johnson, assisted by the Rev. R. T. Rutherford, of the Presbyterian Church. Interment took place in the Alvinston Cemetery.

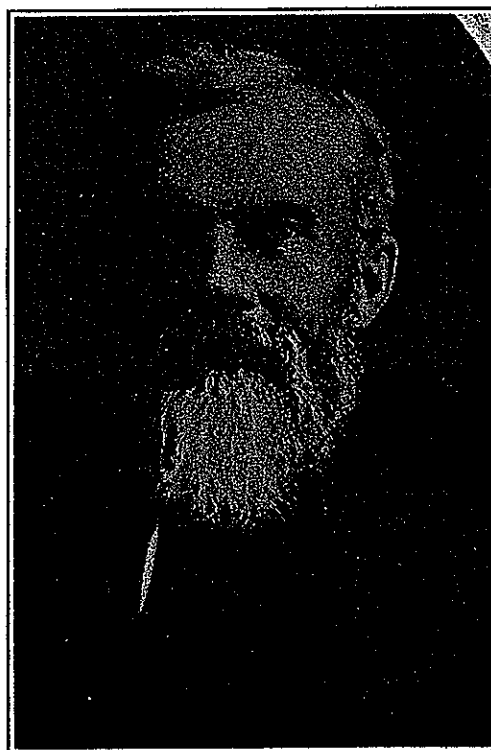

JOHN J. DALTON

By Mr. A. P. Walker, O.L.S.

One of Weston's most respected citizens in the person of John Joseph Dalton, O.L.S., D.I.S., passed away on Wednesday, 27th February, 1935, at the family residence, 202 Church Street, Weston, Ont. The deceased had been in declining health for some months and was in his 81st year. He suffered bereavement twice within the last six months, a daughter passing in September, 1934, and his life's partner, Mrs. Dalton, on 15th December, 1934, in her 85th year.

The late J. J. Dalton was born on 12th June, 1854, near Ancaster, Ont., and was one of the eight children of the late Dr. and Mrs. W. H. Dalton, his mother's maiden name being Susan Warbrick. Only two of these children now survive. Mrs. Samuel Mills of Berkeley, California, and Mrs. Alfred E. Morson, of Toronto.

In the early boyhood of the subject of this sketch,

his father, Dr. Dalton, moved with his family to Bolton, in the County of York where he afterwards resided. The Village of Bolton was named after James Bolton, who came to Canada from England in 1818, and built a mill there. Afterwards, he moved to the Township of Wallace near Listowel, where his son, the late Lewis Bolton, O.L.S., practiced surveying for many years in partnership with the late R. W. Hermon, O.L.S. No doubt a friendship had developed between the Daltons and the Boltons, for in 1875 the subject of this sketch went to Listowel to serve under articles for three years as a Land Surveyor. Listowel at this time was without railway connection, the nearest station being Mitchell, 24 miles away. During this apprenticeship he assisted Mr. Bolton in many Government surveys in Manitoba and the West. Previous to this, however, he had obtained his early education at Trinity College School, at that time being conducted in the Rectory of St. Philips Church in Weston, and was afterwards moved to Port Hope.

He qualified as a Provincial Land Surveyor for Ontario, on 11th January, 1878, and later as a Dominion Topographical Surveyor in Ottawa, and carried out Government surveys in the West.

In 1882, Mr. Dalton married Emma Catharine Carter, a daughter of the late Dr. and Mrs. J. S. Carter, of Nelson, Ont., and they first settled in Milton. In 1905, he and his family moved to Weston, where he practiced his profession until shortly before his death.

His family consisted of four children, two of whom survive, i.e., Miss Winifred Dalton, Weston, and Mr. F. K. Dalton, Electrical Engineer with the Hydro Electric Commission, in Toronto.

In addition to his ability as a Surveyor, Mr. J. J. Dalton was an artist of no mean skill, and many paintings, based on his early life in the West, adorn the family home in Weston. Another of his hobbies was the keeping of bees, and amongst many of his neighbors he was known as the "Honey King of Weston". Mr. Dalton was a consistent adherent of the Anglican Church, and an active member of St. John's Church, Weston. The funeral service took place on March 2nd in that Church and interment in St. Philip's Anglican Church Cemetery at Weston. A photo is published herewith.
