

ASSOCIATION OF ONTARIO LAND SURVEYORS

RONALD GEORGE MACMILLAN O.L.S.

Ronald G. MacMillan, a descendant of Perth County pioneers, was born at Hamilton on October 15, 1930. He attended Public School in Hamilton and graduated from Delta Collegiate Institute in 1949.

He was employed in the engineering staff of the Steel Company at Hamilton and later served his articles of apprenticeship with J. J. Kisway, O. L. S. at Hamilton. He qualified as an Ontario Land Surveyor on November 13, 1959. Later he was employed by the C. C. Parker Engineering Firm on the Chedoke Expressway.

He was an active athlete in his teens and coached Junior Baseball teams in the Hamilton Police Minor League. Due perhaps to an internal injury received in athletic activities, he was periodically hospitalized from the time he was twenty-three until his death. He was fond of animals and took a keen interest in horse-racing.

Mr. MacMillan died on February 23, 1962, and was survived by his parents Donald and Mabel MacMillan, a brother John and a sister Catharine, all of whom reside at Burlington, Ontario.
