1	operating gps software	6/3/2015 6:45 PM
2	No.	6/3/2015 3:44 PM
3	Any law as it relates to our profession	6/3/2015 2:52 PM
4	Something oriented towards geodesy and precision surveying. Public perception is that an OLS is an expert in that matter, but unfortunately that is not always the case.	6/3/2015 2:40 PM
5	Survey Index Status of Copyright Court Challenge	6/3/2015 2:24 PM
6	The stuff that Julia does is really good but it took a lot of time away from the actual presentation. No more than 2 minutes of technical stuff then introduce the speaker.	6/3/2015 2:23 PM
7	something on changes and updates on health and safety legislation especially in light of the MOL starting to lay more charges and the fines are outrageous. Up dates on boundary laws. Maybe something for the GIM types? Maybe Tim and the SRD could do something about common things they run across and proactive suggestions to avoid problems and maybe follow that up with copies of sample documents and check lists that we could use to avoid issues and trouble.	6/3/2015 2:22 PM

2	THIS WEBINAR VERY INFORMATIVE AND WELL PRESENTED.	6/4/2015 2:22 PM
3	perhaps the questions asked could be shown on the screen as they are being answered	6/4/2015 6:31 AM
4	if you are going to have a presenter let him or her use the full hour to present. Just introduce the presenter and let him or her begin.15 minutes was spent on the CPD program todaywhy?Every OLS should be aware of the program.I felt bad for the presenter who had to sit through 15 minutes while the CPD program was reviewed again.This resulted in his presentation running past the hour.I will not watch these webinars if they waste my time I have a business to run.	6/3/2015 4:27 PM
5	Very interesting and relevant webinar. Great job, Julia!	6/3/2015 3:44 PM
6	You noted that a record of the webinar will be available somewhere. Why is this info, or at least a link to it, not on the AOLS website?	6/3/2015 2:40 PM
7	I appreciate any opportunity to take in a legal perspective. Thanks.	6/3/2015 2:26 PM
8	Re Question 6: We had in total 4 OLS, 1 articling student, 4 others	6/3/2015 2:23 PM
9	I realize it is a lot of work but I would like to see bi-weekly webinars. If they could be recorded and posted to the website would be awesome in case we couldn't attend or we want to review something that was said in the presentation. All in all - great work - please keep it up.	6/3/2015 2:22 PM
10	No	6/3/2015 2:13 PM
11	The audio and video were very clear.	6/3/2015 2:09 PM
12	Very timely subject - well done.	6/3/2015 2:06 PM
13	Please, please, please stop taking time from the Webinar for CPD training on the Website. We have ENOUGH CPD training and we lost 10 minutes just to late, which made us go late and what attendee had to leave and missed the Question period. Spending time on CPD is not fair to attendees and the presenter. ...thank you	6/3/2015 2:05 PM
14	Really enjoyed the session. Both the topic and the presenter were excellent. Keep them coming!	6/3/2015 2:03 PM
