1	I was disappointed with what felt like condescension from Ken during the Q&A. Appeared to disregard any concerns of his fellow surveyors, brushed off or belittled their issues.	11/30/2017 9:18 AM

2	I tried to check very good for both presenters but the system wouldn't allow it.	11/30/2017 9:15 AM
3	You cannot give both presenters the same rate?	11/30/2017 9:00 AM
4	Nancy was excellent as well. Unable to click her name.	11/30/2017 7:15 AM
5	For some reason I can't select Excellent for both presenters	11/29/2017 5:40 PM
6	Will not let me rate Ken and Nancy with the rating?	11/29/2017 3:07 PM

1	Glossed over several items. Much more detail required!!!	11/30/2017 9:10 AM
2	I thought it moved too quickly but no doubt that was because of the quantity of material to be covered.	11/29/2017 2:49 PM

1	Issues were downplayed, one questioner was even belittled and called "a new surveyor", there was a clear lack of respect for the audience on the part of Ken.	11/30/2017 9:18 AM
2	Some were answered fine but others were either glossed over or avoided completely.	11/30/2017 9:10 AM
3	Answers seemed short and clipped.	11/30/2017 9:00 AM
4	With one exception- The answer for eBlast? It is the Julia's InSite posts on alternate Fridays?	11/29/2017 3:07 PM
5	I think the answers were clear enough but I don't think the questions were particularly well worded.	11/29/2017 2:49 PM
6	As well as could be expected as things are still developing.	11/29/2017 2:36 PM
7	Fairly clear in most cases. Some answers were sort of skirted around. I got the impression that there are some issues with plan review/registration in some areas, but Ken did not really want to get into that.	11/29/2017 2:24 PM
8	Some questions were not relevant to the topic - maybe they should be filtered?	11/29/2017 2:18 PM

2	For this to work several of the LROs across the province will need to get their act together. Many times thousands if not millions of \$\$\$ are on the line in terms of timing to complete the process and holding it up for some the sake of some frivolous form or taking 5+ days to ship a package to a different LRO, when it should have been checked at the local LRO, and then tell me the 10 day checking window starts now is unacceptable!!!	11/30/2017 9:10 AM
3	That was a good way to give us the basic information, obviously any change is going to bring about concerns, and cause some problems. One issue not addressed will be the security of the system, and its vulnerabilities, like any internet based process.	11/29/2017 2:27 PM
4	I wish more participants would read the info already forwarded to members by AOLS and MGCS	11/29/2017 2:12 PM
